

Rapid Series 1530 Fiber Laser Cutting Machine For plates & Tube with Separate Electric Cabinet

Economical Affordable Dual Purpose Fiber Laser Cutter For Metal Plate and Pipe

- Open bed structure, saves factory space; simple design, easy operation
- Dual function for cutting both metal sheet and pipe, wide usage and application in one machine, save your cost of investment

Model	1530
Working Area (L*W)	3000*1500mm
Laser Source Power	1KW, 1.5KW, 2KW, 3KW
X/Y Axis Position Accuracy	±0.02mm/m
X/Y Axis Repeat Position Accuracy	±0.02mm/m
Max Moving Speed	140 m/min
Round Pipe Length	3000mm/6000mm
Round Pipe Diameter	20mm-200mm
Z axis Stroke	140mm
Max Acceleration	1.4 g
Power Supply	AC380V/50Hz
