

Rapid Series 2040 Close Body Fiber Laser Cutting Machine

High Power / Full Cover Enclosed Type

- Steel plate bed has undergone finite element analysis and annealing treatment, better with anti-deformation and anti-vibration, suitable for cutting thick material with high power
- Full cover enclosed design for safe and clean production
- Two tables working increases production efficiency
- Equipped with video monitoring function to realize intelligent visual production

Model	2040
Working Area (L*W)	2000*4000mm
Laser Source Power	1 KW, 1.5KW, 2 KW 3KW, 4KW
X/Y Axis Position Accuracy	±0.02mm/1000mm
X/Y Axis Repeat Position Accuracy	±0.02mm
Max Moving Speed	140 m/min
Max Acceleration	1.4 g
Power Supply	AC380V/50Hz
